A LOOK AT APRIL

I am enjoying school because I'm having fun. I love cursive. My favorite book so far is The Little House because it's a nice story where she gets to go back to where she dreamed of being in the country after the city took over around her.

Mr. Moelter

Middle School 6th - 8th Grade

Salvete, amici Latinae!!!! (Hello, friends),

Mr. Moelter here, I just wanted to share a little about my amazing Middle School experience I had here at IDA. Many of you know it took me 7 years of 2nd grade to get here ;).

This year has been nothing short of amazing and a true blessing to me, my family, and my teaching career. I cannot believe we are almost done with our first year here at IDA. My favorite thing about teaching at Ida is I am able to teach about our amazing Lord, and I'm encouraged to do so instead of having to hide it in my instruction. I am truly blessed to be part of the conversations with these young minds in the classroom and able to learn with them about what greatness is our Lord. I

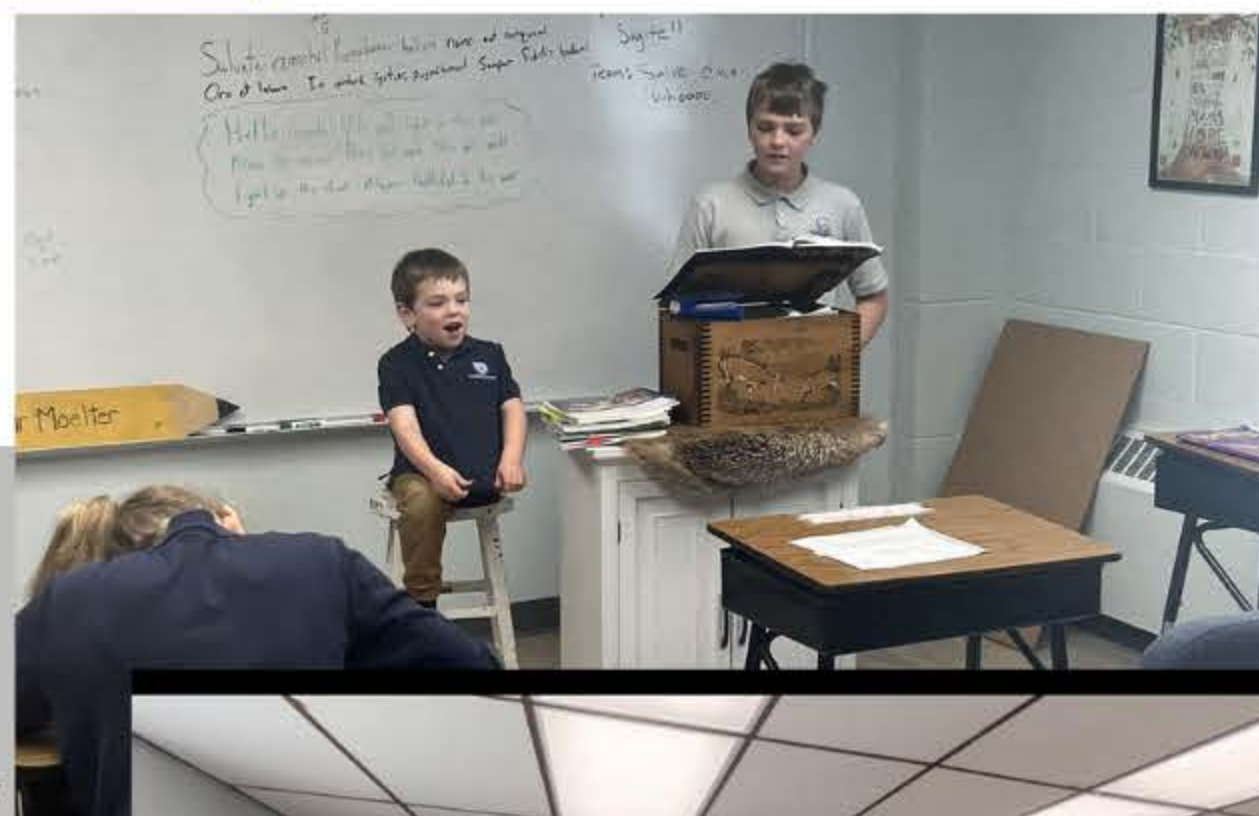

was amazed to see the students grow in latin, arithmetic, reading, and writing. I think the students even surpassed their own expectations this year in middle school. They would all agree that this may not have been the easiest of years, but hopefully one of the most

rewarding. I truly admire their courage as they began this journey with a brand new school, teachers, and friends. It's really hard to pick one memory to call my favorite this year.

If I had to choose, it would be witnessing the relationships these children strengthened with our Lord and each other. It was really neat seeing this tight knit group of students work together, learn together, and just enjoy talking about Christ with each other. I'm excited to see the future of Ida and the people that are involved in it.

This is truly an amazing place and we are doing God's work.

God bless Nick Molter.
