A LOOK AT MAY

Student Section

My summer has been going very good. I have been playing a lot of baseball, taking hikes, and camping. I am looking forward to going into 3rd grade and going on field trips. I can't wait to see my friends each day and play with them.

TEACHER'S CORNER

Ms. Nelson
3rd - 4th Grade

When I'm asked how I am enjoying teaching at IDA, my answer has almost always been "rewarding." It is rewarding to settle into a consistent, daily rhythm as a class. It is rewarding to see the bright minds of our students grasp a new concept. It is rewarding to see their friendships with each other deepen. It is rewarding to instill a love of learning in their hearts. It is rewarding to know that the golden thread of the Gospel is being woven through every subject they are mastering.

And these 3rd and 4th graders *have* mastered their material. I am proud of them, as you are as well. Academically the bar has been raised, and they have risen to the occasion. As a class, our favorite subjects have been Latin (a pleasing surprise!), Greek Myths, Math, States and Capitals, and of course reading through The Chronicles of Narnia during our tea time. Here is a short list of what your students have accomplished this year:

- Learned 125 new Latin words and 4 prayers
- Mastered cursive
- Memorized 6 poems
- Nailed their 1-12 multiplication facts
- Learned 21 States - their spelling, capitals and abbreviations
- Studied the story of the Patriarchs in Genesis
- Grown familiar with the 12 major gods in Greek Mythology
- Read and studied 4 classic childrens' books
- And much more!

It has been a privilege to serve you and these students. Thank you for your steady and constant support!
